## Excerpts From Standing Orders Relating to Private Bills

97. No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

- (a) a printed copy of such Bill;
- (b) a copy of the petition to be presented to the House;
- (c) copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the causes of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, 26 ems by 50 ems, on good paper, in imperial octavo form, each page when folded measuring 10¾ inches by 7½ inches. There shall be a marginal number every fifth line of each page; the numbering of the lines is not to run on through the Bill, but the lines of each page are to be numbered separately. Three hundred copies of each Bill shall be deposited with the Clerk of the House immediately before the first reading. If amendments are made to any Bill during its progress before the Committee on Private Bills, or through the House, such Bill shall be reprinted by the promoters.

In the case of Bills to incorporate companies, in addition to the fee of \$300 mentioned in Rule 98, fees calculated on the capital of the company are payable at the same time. Further particulars can be had on application to the undersigned.

All cheques in payment of fees must be certified.

APPLICATION FOR PERMIT UNDER  
POLLUTION CONTROL ACT  
(Effluent)

THIS APPLICATION is to be filed with the Director of Pollution Control, 310 Ward Street, Nelson, B.C. V1L 5S4. Any person who qualifies as an objector under section 13 of the *Pollution Control*

Act may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of a permit, stating the manner in which he is affected.

**Preamble**—The purpose of this application is for approval to install an effluent treatment plant and contingency lagoon at our temporary camp-site near Line Creek. The camp has a capacity of 300 men and will operate for approximately two years.

Crows Nest Resources Limited, 1700, 750 West Pender Street, Vancouver, B.C. V6C 2B8, hereby applies to the Director for a permit to discharge effluent from a temporary construction camp located 18 kilometres north of Sparwood into Line Creek, which flows westerly and discharges into the Fording River, and gives notice of application to all persons affected.

The land upon which the works are located is private land owned by Crows Nest Resources Limited, Parcel 35, District Lot 4588, to north of easterly extension of the south boundary-line of Lot 3049, Title 117880.

The discharge shall be located 40 metres east (upstream) of the CPR railway bridge crossing on Line Creek (1 020 metres N.49°53'N. lat. and 450 metres E.114°51'W. long.).

The quantity of effluent to be discharged is as follows: Average daily discharge (based on operating period), 15,000 imperial gallons. Maximum daily discharge, 20,000 imperial gallons.

The operating period during which the effluent will be discharged is continuous for the duration of operating the temporary camp.

The characteristics of the effluent discharged shall be equivalent to or better than total suspended solids, 60; total solids, 70; BOD, 45; temperature range, <20°C.

The type of treatment to be applied to the effluent before discharge is mechanical aeration sewage treatment plant which will meet AA standards of the Pollution Control Branch.

The application, dated on January 28, 1980, was posted on the ground in accordance with the Pollution Control Regulations.

#### APPLICATION FOR PERMIT UNDER POLLUTION CONTROL ACT TO DISCHARGE FERTILIZERS TO A FRESH-WATER LAKE

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

Her Majesty the Queen in Right of Canada as represented by Her Ministry

of Fisheries, Pacific Biological Station, Nanaimo, B.C., hereby applies to the Director for a permit to discharge phosphorus and nitrogen fertilizers into Babine Lake, which flows north and discharges into Upper Babine River, and gives notice of application to all persons affected.

The purpose of this discharge is to carry out a Lake Enrichment Program under the Salmonid Enhancement Program specifically to enhance the survival of underyearling sockeye salmon utilizing the lake as a nursery area.

The discharge shall be located over part of the lake as shown on the location map.

The quantities of nutrients to be discharged are 12.26 tons of nitrogen a year and 1.86 tons of phosphorus a year.

The operating period during which the nutrients will be discharged is May to July for an indeterminate number of years.

The type of treatment to be applied to the effluent before discharge is the discharge is not an effluent but a controlled addition of nutrients to the lake.

This application, dated on January 7, 1980, was posted on the ground in accordance with the Pollution Control Regulations.

The land upon which the works are located is Mineral Claim Chappelle 56 (91779M), Omineca Mining Division.

The discharge or emission shall be located at various points within Mineral Claim Chappelle 56.

The rate of discharge is (dry basis): Maximum, 22,700 SCFM; duration, intermittent. Average daily (based on normal daily operating period), 19,800 SCFM.

The operating period during which contaminant(s) will be discharged is continuous.

The characteristics of the contaminant(s) to be discharged are total particulate, less than 0.100 gr/SCF for all emissions; only trace amounts of other contaminants.

The type of treatment to be applied to the contaminant(s) is bag filter on crushing and screening plant.

This application, dated on January 10, 1980, was posted on the ground in accordance with the Pollution Control Regula-

tions. Posting was carried out at the Sturdee River airstrip due to inaccessibility of the minesite during the winter. Re-posting on site will be carried out when conditions permit.

#### APPLICATION FOR PERMIT UNDER POLLUTION CONTROL ACT (Effluent)

THIS APPLICATION is to be filed with the Director of Pollution Control, 1106 Cook Street, Victoria, B.C., V8V 3Z9.

Any person who qualifies as an objector under section 13 of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of a permit, stating the manner in which he is affected.

*Preamble*—The purpose of this application is to obtain a permit to discharge effluent from a 120 short tons a day underground gold mine and milling operation.

Du Pont of Canada Exploration Limited, Suite 102, 1550 Alberni Street, Vancouver, B.C. V6G 1A5, hereby applies to the Director for a permit to discharge effluent from a mining and milling operation located approximately 150 miles due north of Smithers, into an unnamed creek, which flows southeast and discharges into the Finlay River, and gives notice of application to all persons affected.

The land upon which the works are located is Lot 1040, Mineral Claims Chappelle 55, 56, 256, 258, 260, 261, 263, Omineca Mining Division, Cassiar Land District.

The discharge shall be located 200 feet south of 5420' portal (mine water and waste rock run-off); 3,000 feet southeast of southwest corner of Lot 1040 (tailings-pond).

The quantity of effluent to be discharged is as follows: Average daily discharge (based on operating period), 132,100 imperial gallons. Maximum daily discharge, 505,300 imperial gallons.

The operating period during which the effluent will be discharged is continuous.

The characteristics of the effluent discharged shall be equivalent to or better than mine water and waste rock dump run-off—50 mg/L suspended solids; tailings-pond discharge—dissolved zinc, 0.50 mg/L; dissolved copper, 0.50 mg/L; dissolved lead, 0.05 mg/L; total cyanide, 0.10 mg/L; dissolved iron, 0.30 mg/L.

The type of treatment to be applied to the effluent before discharge is sedimentation of solids. Chemical treatment of

tailings prior to discharge to tailings-pond and natural polishing of pond discharge by exfiltration when site and weather conditions permit.

This application, dated on January 10, 1980, was posted on the ground in accordance with the Pollution Control Regulations. Posting was carried out at the Sturdee River airstrip due to inaccessibility of the minesite during the winter. Re-posting on site will be carried out when conditions permit.

#### APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PERMIT PE-416

THIS APPLICATION is to be filed with the Director of Pollution Control, Parliament Buildings, Victoria, B.C. V8V 1X4.

Any person who qualifies as an objector under section 13 of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of an amendment, stating the manner in which he is affected.

*Preamble*—The purpose of this application to amend the existing permit so as to incorporate the discharge of supernatant from a primary crusher scrubber settling-pond to the main tailings-pond. There will be no positive discharge to the environment resulting from this effluent. No chemicals will be added to the scrubber washwater.

J. K. Taylor, Chief Engineer of Gibraltar Mines Limited, hereby applies for amendments, as described below, to Pollution Control Permit PE-416, granted on December 5, 1978, which authorized the discharge of effluent from a copper-molybdenum mine-mill complex located 9 miles east of McLeese Lake, B.C., to the land.

#### Amendments Requested:

##### Appendix 01

From—

(a) The discharge of effluent applicable to this appendix is tailings from a copper-molybdenum ore concentrator, effluent from a domestic sewage lagoon and open pit mine drainage to a tailings-pond with recycle.

(c) The characteristics of the effluent shall be equivalent to or better than typical copper-molybdenum ore concentrator tailings, treated domestic effluent and mine drainage.

(d) The works authorized are mine tailings impoundment, emergency tailings-pond, pipelines, supernatant reclaim system, an oxidation pond, mine drainage collection system, and related appurtenances.

To—

(a) The discharge of effluent applicable to this appendix is tailings from a copper-molybdenum ore concentrator, effluent from a domestic sewage lagoon, supernatant from a primary crusher scrubber settling-pond and open pit mine drainage to a tailings-pond with recycle.

(c) The characteristics of the effluent shall be equivalent to or better than typical copper-molybdenum ore concentrator

APPLICATION FOR AMENDMENT  
OF POLLUTION CONTROL PERMIT PE-3871

THIS APPLICATION is to be filed with the Director of Pollution Control, Parliament Buildings, Victoria, B.C. V8V 1X4.

Any person who qualifies as an objector under section 13 of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or where service is required, within 30 days of serving a copy of the application, file with the Director at the above address an objection in writing to the granting of an amendment, stating the manner in which he is affected.

*Preamble*—The purpose of this application is to obtain permission to proceed with works that will increase the disposal to ground capacity of existing stabilization lagoons. The present permit allows 20,000 gallons a day and the requested increase would be up to a capacity of 40,000 gallons a day to be accompanied by an addition of rotating disc biological contactor to act as biological waste treatment.

Robert Wilson, Director of Land Development of Big White Ski Development Ltd., Box 2039, Station R, Kelowna, B.C., hereby applies for amendments, as described below, to Pollution Control Permit PE-3871, granted on May 9, 1975, which authorized the discharge of effluent from a ski village, including day lodge, condominiums, and cabins located at Big White Mountain, B.C., to the ground.

*Amendments Requested:*

Item (b), Permit Appendix 01—From: "a maximum of 20,000 gallons (90 m<sup>3</sup>) a day during the period November 1 through July 31 each year". To: "a maximum of 180 cubic metres (40,000 gallons) a day during the period November 1 through to the following July 31 each year."

Item (d), Permit Appendix 01—From: "waste stabilization lagoons and subsurface tile-field". (45/60 effluent). To: "waste stabilization lagoons with a rotary disc biological contactor between them and subsurface tile disposal fields". (45/60 effluent).

This application, dated on January 22, 1980, was posted on the ground in accordance with the Pollution Control Regulations.
